November 13, 2018

Dear Neighbors, Churches, Veterans Organizations, and Veterans Agents:

We need your help! In all of our communities we face an affordable housing crisis as many of our neighbors continue to reside in unhealthy and unsafe living environments. This is even true for military veterans who have served our country and are now returning to start their civilian lives, hoping to own a home and raise a family. Habitat for Humanity of Greater Plymouth is honored to be leading a Town and community partnership in Plymouth to build three affordable homes, **two of which are for Veterans and their families**. The third home will be a traditional Habitat home.

Habitat for Humanity of Greater Plymouth provides selected families a new opportunity to build a better life. Despite our best efforts in all of our building projects to date, we have only received (on average) 20-25 applications from families that either work or live in one of our affiliated towns—Plymouth, Kingston, Carver, Plympton, Middleborough, and Lakeville. Of these applications, only a handful actually meet the income guidelines required to be a Habitat for Humanity homeowner. For Veterans there is no requirement to live or work in one of our towns. Veterans are encouraged to apply regardless of where they reside as long as they meet the Commonwealth of Massachusetts guidelines for veteran status and are willing to commit to helping build their own home, if physically able.

This is where we need your help. We invite you to help make a difference in a family's life by spreading the word of the start of our next Family Selection Process. Habitat for Humanity of Greater Plymouth will be hosting Informational Sessions in connection with the building three homes that will be located on Long Pond Road, Plymouth. In order to be considered as a candidate for one of these homes and to receive an application interested families are strongly encouraged to attend one of the Informational Sessions to be held in Plymouth in December 2018. Please see the attached flyer for details of these upcoming sessions and please share the information with anyone that you believe may have an interest and meet the qualifications for a Habitat affordable home. For additional information regarding Habitat for Humanity's selection process please refer to our webpage at www.hfhplymouth.org or call our office at 508-866-4188, extension 204.

Habitat for Humanity also needs your help individually or collectively to publicize and support Habitat activities. Do you know of a local business that could donate building materials? Would you or your organization be interested in volunteering to help build the house? Are you or your organization able to donate financially? The success of our community-based program depends upon people like you working together to get the homes built. People of all backgrounds and experience have come together to make each Habitat home a reality. No matter what your talent is, there is always some way that you can help!

Together we can give people the dignity and sense of success that comes from owning their own home and in doing so we will make our communities stronger. We can also give a well-earned hand up to a Veteran who has served our country.

Sincerely,

Family Selection Committee
